

THE
FLYING PIG BOOKSTORE

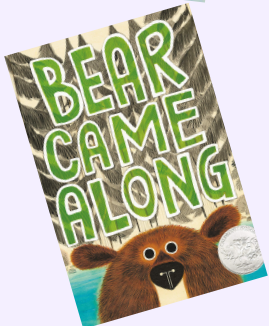

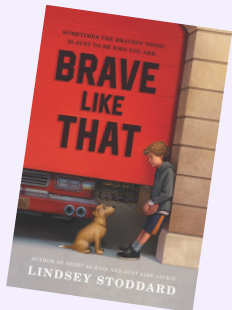

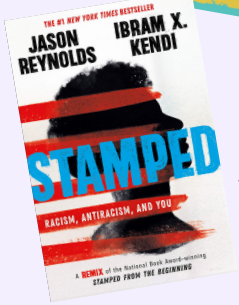

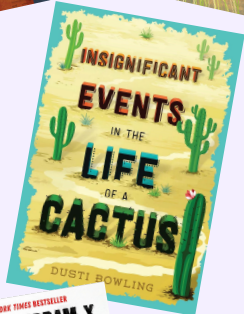

EDUCATOR SERVICES

Our staff features teachers, former teachers, and a former school librarian. We *know* great books for children and teens, and love working with schools to help teachers find the best books for their curriculum—books that inspire student enthusiasm and learning.

Tap us for lively book talks to students, let us help bring fantastic authors to your schools (at the moment, virtually) and curate online and in-store book fair fundraisers for schools.

We accept purchase orders and offer educators and administrators competitive discounts for school and personal purchases. Let us give you a quote for your next order.

To apply for educator discounts for your school or library, please fill out and email this brochure to flyingpigorders@gmail.com with "Educator Discounts" in the subject header.
